Professional Summary

People-oriented professional who bridges technical systems and business needs through clear communication, rapid learning, and process improvement. Excel at translating complex technical information for diverse stakeholders while coordinating projects and maintaining strong working relationships.

Targeting IT Project Coordination, Business/IT Support, and Technical Relationship Management roles.

Experience

IT Support Specialist

Oct 2024 – Present

CLUSE - Amsterdam, Netherlands

- Provided first-line IT support to 50+ employees across laptops, business applications, accounts, and the NetSuite ERP, resolving most tickets on first contact and keeping users clearly informed.
- Supported hardware and software lifecycle, handling installations, updates, and coordination with external technicians when needed.
- Configured ERP saved searches and data mappings for finance and operations teams, reducing manual reporting time and giving managers up-to-date overviews.
- Proactively monitored cloud platforms and identified recurring issues, suggesting practical improvements to enhance system reliability.

Project Coordinator

Jul 2023 – Oct 2024

Inholland University of Applied Sciences - Haarlem, Netherlands

- Led a team of 10, fostered collaboration, clear role assignments, facilitated regular team check-ins and workshops, ensuring everyone understood priorities and next steps clearly.
- Designed workflow structure for coordinating student support activities at Haarlem campus, creating templates and communication channels now used across 7 other locations.
- Managed project budgets for events and programs, ensuring efficient resource allocation and transparency in spending.
- Coordinated complex, cross-functional projects involving diverse stakeholders with competing priorities, acted as a central coordinator between faculty, students, and administrative teams for various support initiatives and events.

Project Coordinator

Oct 2019 – Jul 2021

oneworld Alliance - Lima, Peru

- Coordinated cross-airline working groups on commercial and operational initiatives, managing communications across multiple time zones.
- Mapped current workflows and collaborated with stakeholders to design improved processes for customer experience projects.
- Prepared clear status updates and meeting materials, ensuring technical details were accessible to commercial teams.
- Facilitated alignment between IT and business teams on system requirements and implementation timelines.

Key Account Coordinator

Jun 2015 – Sep 2019

LATAM Airlines - Lima, Peru

- Served as primary contact for key international partners, managing ongoing communications and joint initiative planning.
- Worked closely with internal operations and digital teams to resolve technical-commercial alignment issues.
- Structured regular feedback sessions with partners to identify process gaps and collaborative improvement opportunities.
- Ensured smooth execution of partnership agreements by maintaining clear documentation and proactive follow-up.

Leadership & Volunteering

Treasurer

Erasmus Student Network - Haarlem, Netherlands

Sep 2024 – Sep 2025

- Managed budgets and expense tracking for Erasmus student events and activities.
- Coordinated payments, reimbursements, and financial reporting for the organizing team.
- Supported planning and delivery of events for international students from diverse backgrounds.

Coordinator of Volunteers

Cruz Roja Peruana - Lima, Peru

Sep 2016 – Aug 2019

- Recruited and supported volunteer teams for children's programs, building team morale and handling diverse personalities.
- Communicated with parents/staff to align expectations and maintain a safe, welcoming environment.
- Helped plan and run activities, adapting to changing needs and group dynamics.
